

## SPECIALISED CONTAINERS

... made by the LINDENAU Shipyard in Kiel-Friedrichsort

In our non marine division the drafting, design and building of specialised containers is an integral part of our business. Our clients are well known companies in the private sector, as well as authorities in the public sector. Following are examples of specialised containers we have delivered:

- Workshop container for the German Navy
- Container built to act as a mobile divers pressure chamber
- Container for the "Marine Einsatz Rettungs Zentrum (MERZ) - The Navy Rescue Centre
- Container for the Mobile Emergency Rescue Centre (MERC)
- Radar container with mast and radar platform
- Container used to operate offshore structures and facilities

We work very closely with our clients to build specialised containers specifically according to the clients' needs. The containers are characterised by:

- High quality
- A long life cycle
- Excellent workmanship
- Use of Top quality materials
- Certified CSC, Customs and GL approvals

You can view the certificates on:

<http://www.lindenau-shipyard.com/EN/AboutUs/Certificates.html>

In addition, we offer customized solutions for connecting containers to a room, a fixed link on ship or land foundations, and the transportation of fully equipped containers. (Special spreader).

We would be delighted to have you as one of our clients and to start a long term business relationship with you, so please do not hesitate to contact us. Products made by LINDENAU in Kiel-Friedrichsort will be of great value to you, providing you with quality and first class workmanship.

We await your call or inquiry and are convinced that we can offer you the best value for your money. Put us to the test!
